RED DEER HIGHWAYMAN COMMITTED FOR TRIAL

Alberta Grain Growers Are Confident They Will Reap a Record Crop

C.N.R. TO SPEND \$300,000 IN EDMONTON THIS YEAR

REPORTS INDICATE THAT ALBERTA WILL HARVEST BUMPER CROP THIS YEAR

Has Been an Abundance of Rainfall and Crops in all Districts Are Showing Up Well—C. N. R. Report

A wave of optimism is sweeping over the prairie provinces from Winnipeg to the Rockies. It is extending even to the eastern provinces, where prospects of western prosperity always are heralded with satisfaction on account of the good effect on business throughout the domain. The boom seems to be due to the most promising crop reports that are coming in from all sections of the west, reports that tell of growing conditions that have seldom been better in the grain growing history of the country.

According to J. L. Porte, who was employed last year in gathering samples of grain, grasses and vegetables in the Edmonton and Strathcona

district for use in board of trade publications, the Edmonton district promises a bumper crop this year. Seen at the board of trade offices this morning, Mr. Porte said that practically every crop grown in the district is flourishing condition.

"Although the early spring was not at all favorable for the fall wheat, the hoppers of the Air Park, "nearly all the fields of fall wheat in the district are flourishing. In a very few fields there are patches where the grain has been killed off. This is due to the heavy snows that came about April 10th. The ground was covered with snow at the time, but there were patches of bare ground that were exposed to the

COURT HOUSE TO BE COMPLETED BY FEBRUARY FIRST

Magnificent Structure, Costing Over \$200,000, Will Be Ready for Occupancy Early Next Spring—Delay Caused by Stone Famine

Amidst surroundings suggestive of a able to proceed with all possible speed, the new court house rises in classic grandeur at the corner of McDougall and May. Its walls are completed. The date of the masonry contract will have been carried out before the end of August, interior finishing will be completed during the winter months and in January or February, the contractors hope the entire will be ready for occupation.

Construction of the new court house was commenced in August of 1909, shortly after the awarding of the masonry contract to Marion and Company for a sum of \$165,000. Delays in the delivery of stone held up the work at frequent intervals until late in the present season, but from this time on the contractors hope to be

EXHIBITION SPACE IS IN GREAT DEMAND

WILL ALL BE TAKEN UP LONG BEFORE THE BIG FAIR OPENS—ENTRIES COMING IN RAPIDLY—SOME EXCELLENT EXHIBITS PROMISED.

Thirty-five entries, representing a total frontage of 680 ft. in the industrial building at the exhibition grounds, have been received by Secretary Harrison of the exhibition association, and it is anticipated that within the next few days the whole of the space in this building will have been taken up. It was at first thought that no less than 80 feet would be available for exhibits in the industrial building, but it is now possible that a large proportion of the space will be required for other purposes.

The entries have come in very rapidly during the past week, and Secretary Harrison and his associates are quite sure that the industrial building alone will surpass anything that has been seen in the new provinces of the west hitherto.

The following four applications were received this morning: Western J. J. G. Co., exhibit of pickles, 20 ft. x 10 ft.

WINNIPEG MASONRY MAY GO ON STRIKE

HAVE ASKED FOR INCREASE OF FIVE CENTS PER HOUR—BUILDERS REFUSE REQUEST

Winnipeg, June 5.—Whether the bricklayers and masons of Winnipeg will call a general strike will be decided at a special meeting which will be called tonight, the men now receive 67 1/2 cents an hour, and the demand is for an increase of 5 cents an hour. These demands have been refused by the builders.

4000 OUT IN VICTORIA

Vancouver, B.C., June 5.—Estimated 4000 men mostly of building trades quit work in Vancouver. The street railway power house men, conductors and drivers, who have been on strike since the morning of yesterday, are working as usual, but business in the employ of the electric and telephone companies are out. The leaders said nothing in regard to the cause of the strike. There was no demonstration and not a single complaint received at police station up to nine o'clock.

At 8 the electric power men, who have been on strike since 12 minutes apparently because wires were cut, in some outlying parts of the city. Crowds of people walked down town.

The Packing Plant football team will play a game with the Fort team tonight at 7:30 in Athletic park.

C.N.R. WILL SPEND \$300,000 IN EDMONTON THIS SUMMER

THREE MILES OF TRACK WILL BE LAID IN YARDS THIS YEAR—HUNDREDS OF CAR LOADS OF GRAVEL COMING IN.

The regular C. N. R. passenger train instead of leaving Edmonton at 11:30 a.m. on the G. T. P. & R. train to Winnipeg, leaving the station at First street at 7:10 a.m. and the G. C. P. R. Winnipeg train by way of Weyburn leaving at 10:30 a.m. which has been killed off. The G. C. P. R. train is due to arrive in Winnipeg at 6:30 a.m. on Tuesday. The G. N. R. train which left Edmonton yesterday morning will arrive at the eastern terminals at 3:10 p.m. on Monday.

The regular C. N. R. passenger train instead of leaving Edmonton at 11:30 a.m. on the G. T. P. & R. train to Winnipeg, leaving the station at 7:10 a.m. and the G. C. P. R. train by way of Weyburn leaving at 10:30 a.m. which has been killed off. The G. C. P. R. train is due to arrive in Winnipeg at 6:30 a.m. on Monday.

The regular C. N. R. train will make the trip in about 28 hours.

The new G. T. P. & R. service which will shorten the time from Prince Albert and Edmonton to 26 hours will not go into effect until June 12.

STREET RAILWAY EMPLOYEES ALL DENY RUNNING OVER MAN

CITY SOLICITOR WILL BE ASKED TO FIX RESPONSIBILITY FOR ACCIDENT WHICH OCCURRED FRIDAY NIGHT—INJURED MAN DOING WELL.

The investigation into the circumstances surrounding the accident on the street railway Friday night which resulted in the injury of Lockett Smith will this afternoon be placed in the hands of the city solicitor by Superintendent Knight. The superintendent had every conductor who ran that route on Friday night on the carpet and all deny knowing anything about it. Now, however, he is endeavoring to find out what kind of a job as they passed that part of the line.

In the opinion of Superintendent Knight it would be difficult for a car to run over a man's feet without some evidence of it being given in the shape of a jolt in the car. Every evidence of blood has been obliterated by the heavy rain that fell Friday night and Saturday morning.

It is believed that there has been an accident, but Superintendent Knight stated this morning that he will turn the investigation over to City Solicitor when he is satisfied that the mystery will be cleared the accident being fixed on the right car.

It is believed that there has been an accident, but Superintendent Knight stated this morning that he will turn the investigation over to City Solicitor when he is satisfied that the mystery will be cleared the accident being fixed on the right car.

As close as he is able to fix the time of the accident, he said, it was about 11:30 a.m. on Friday night.

Smith, in his statement, said he was walking up stairs that he was lying in the ditch apparently having rolled from the track down the bank. The conductors, he said, were soon unable to get up, but did not know the exact cause.

CARDINAL GIBBONS WILL CELEBRATE ON TUESDAY

CIVIC DEMONSTRATION IN BALTIMORE TO COMMEMORATE FIFTIETH ANNIVERSARY OF FAMOUS PRELATE'S ORDINATION TO THE PRIESTHOOD.

Baltimore, Md., June 5.—If the Fifth Regiment Armory in this city was as large as Madison Square Garden it could not accommodate the crowd of persons who have applied for tickets of admission to the public services to honor Cardinal Gibbons next Tuesday afternoon. The celebration is to be to commemorate the fiftieth anniversary of the ordination of Cardinal Gibbons to the priesthood and the twenty-fifth anniversary of his cardinalate.

The committee on arrangements, which includes clergymen of all creeds, plans to make the celebration national in character. The various governments of the various states, mayors of cities and other persons of prominence in every section of the country have been invited to participate. The list of invited guests includes Roosevelt, who heads the list of speakers. Others who are to deliver addresses are Chief Justice White of the supreme court of the United States, General Pershing, the Senator, General Clark, Governor of Maryland, Mayor Preston of Baltimore, and Bishop John Cardinal Murphy of the Protestant Episcopal diocese of Maryland.

The celebration on Tuesday is to be of a purely civic character and entirely distinct from the ecclesiastical public service to be held next fall and in which most noted clergymen of the Roman Catholic Church throughout the world will participate. The present demonstration is designed as a recognition of the influence which Cardinal Gibbons has exercised for high ideals in the cause of justice and truth.

The years of life have told kindly upon Cardinal Gibbons, and to look at him one would not imagine that he is in his seventieth year. Next week he will be termed ancient, but his physical powers have more than atoned for what nature did not bestow.

His Eminence was born in this city, June 23, 1834, of Irish parents who were to be held next week. Owing to several attractive features of the programme, combined with the importance of the occasion to come up, the demonstration, given public notice, will be the most notable meeting in the history of the association. The gathering will conclude with a banquet at the Hotel Astor at which President Taft is to deliver the principal address.

GULL LAKE

THE EUREKA RESORT

We are the exclusive agents for this beautiful summer resort. We have a few water front lots left and these will not last long; these are all good lots. Below is a list of a few of the many owners: Judge Stuart, Hon. A. C. Butherford, Senator Talbot, W. F. Puffer, M.P.P., A. E. Farncombe, G. E., and many more that we will be pleased to show you. We will sell only twelve of these lots and then the price will advance \$100.00 per lot. There will be built an Electrical Railroad to these lots at once. The total price is \$300.00 each. One third cash and six and twelve months on the balance.

REV. DR. CARMEN NE THEMERE.

Stratford, Ont., June 5.—Rev. Dr. Carmen, general superintendent of the Methodist church, handled the Ne Temere decision this morning before the London conference of the clerical slaves. We have only one voice for that; we shut our teeth on it and with eyes wide open, say to the Pope at Rome: 'Not under thy British fix.' We are prepared to say to the general assembly of the church that we have no authority to enter and to break up a properly legalized marriage. I hold that a marriage by a Methodist minister is as valid as if performed by the Pope himself."

SOUTH REVIVES JEFFERSON DAVIS

Atlanta, Ga., June 5.—The memory of Jefferson Davis, only president of the Confederacy, was honored throughout the South today on the 103rd anniversary of his birth. The day was observed as a legal holiday in Mississippi, Louisiana, Alabama, South Carolina, Texas, Florida, Mississippi and Georgia.

NATIONAL DRUG TO SELL 3700 SHARES MORE

Montreal, June 5.—The annual meeting of the shareholders of the National Drug & Chemical Company, was held recently. The financial statement for the last business year was the best so far presented by the shareholders. The new White Star liner Olympic Captain, Smith, B. H. R., sailed out of port today for Liverpool. It is the initial trial trip of the liner, which is to be completed in 250 days. The ship has a capacity of 35,000 cubic feet of cargo. The main sailing room is 40 feet high. The main waiting room, which is the principal architectural feature of the station, is treated as a grand Roman hall, with pillars and vaulted ceiling. The total area of the building is 63,700 square feet, sufficient to handle more than 250,000 passengers daily. The entire station has marble floors and walls. The train shed is of sufficient length to accommodate the longest train.

COMMERCIAL MEN TO IN ONE BIG ORGANIZATION

Kansas City, Mo., June 5.—In pursuance of a motion made at its meeting last winter a conference of representatives of commercial bodies in all parts of the United States assembled in this city today to take steps to complete a national organization. The purpose of the proposed organization is to enable commercial bodies to give united and effective representation on all proposed legislation and to co-operate to promote foreign and domestic trade. It will probably be decided to maintain a central bureau in Washington to look after legislative matters.

NEWS FORECAST FOR THIS WEEK

NUMBER OF IMPORTANT CONVENTIONS ARE SCHEDULED—PRESIDENT TO VISIT NEW YORK

Washington, D. C., June 5.—President Taft and many other notables will assemble in Baltimore Tuesday for the fiftieth anniversary of Cardinal Gibbons' ordination to the priesthood and the twenty-fifth anniversary of his elevation to the cardinalate.

Later in the week the president is to make a visit to New York.

Among his excursions in the metropolis will be to review a party of Sunday school children in Brooklyn and an address at a banquet to be given at the Hotel Astor by the International Cotton Seed Crushers' Association.

Opponents of statewide prohibition in Texas are to hold a special rally to meet the president at the opening of their state campaign.

Gov. Colquitt and other prominent men of the state are to speak.

A large number of important conventions are scheduled for the week.

Among those of more or less general interest will be the annual general meeting of the Protestant church of Canada.

The annual conference of charities and correction, in Baltimore; the meeting of the Lutheran General Synod, in Washington, D. C.; the International Cotton Seed Crushers' Association, in New York City; the American Water Works Association, in Rochester; the National Association of Clothiers, in Atlantic City; the Hotel Men's Mutual Benefit Association, in New York City; the National Association of Piano Dealers, in Chicago, at an annual meeting and tournament of the North American Skating League, in Pittsburgh.

As a preacher Cardinal Gibbons has always learned and interesting and often eloquent. His sermons are presented in a manner that is unique and extempore order. He has been long accustomed to figuring in publications and conducting the great functions of the church, he is never insure or nervous, but when he rises to make an address an audience is composed and fluent.

As an author, the Cardinal holds a high rank in the literature of his church.

His "History of the Church in America" will be held next week.

Owing to several attractive features of the programme, combined with the importance of the occasion to come up, the demonstration, given public notice, will be the most notable meeting in the history of the association.

The gathering will conclude with a banquet at the Hotel Astor at which President Taft is to deliver the principal address.

The years of life have told kindly upon Cardinal Gibbons, and to look at him one would not imagine that he is in his seventieth year. Next week he will be termed ancient, but his physical powers have more than atoned for what nature did not bestow.

His Eminence was born in this city, June 23, 1834, of Irish parents who were to be held next week.

Readers of The Capital are requested to favor the management by reporting any irregularities in delivery.

Sunday Band Concerts
Precious Hours of Happiness

The immediate popularity of the Sunday band concerts at the park is very conclusive proof that those advocates of the blue laws who would stop these pleasant outings are far from the popular side, even should they be able to show that there is law to uphold their agitation.

That the thousands who attended the band concert yesterday afternoon enjoyed the music and the fresh air was evident to any who cared to look. To deprive these thousands of a couple of hours of enjoyment would be a palpable crime against all the dictates of clear conscience and the laws of common sense.

To those who, favored by fortune, are flush with this world's goods, who own automobiles and summer cottages, whose time is their own and who have the opportunity and the wherewithal to take a summer outing when the fancy strikes them, the band concert in the park means little.

But to the large number who work eight, nine or ten hours a day, six days a week, and who pay the penalty which goes with honest toil, of having but little left when the rent and the grocery bill is paid, the Sunday band concert means very much. Sunday is the only day they can call their own and to many thousands in this city the park is practically the only play ground. To them the hours of sunshine, harmony, fresh air and ease are precious—altogether too precious to be taken from them without an overpowering good reason.

Nothing but a shivered soul indeed could, through fanaticism for a Puritanical Sabbath, so interpret the scriptures or the moral law as to mean that such enjoyment should be constituted a crime and that the city should suppress the smiles and laughter of women and children lest a day, which should be for them the happiest day of all, be desecrated by their sweet enjoyment of it.

Park Line an Evidence
Of a Too Small Conception

The short-sightedness displayed in not double-tracking the line to the park was made very manifest yesterday when the street railway was more than crowded in attempting to handle the three or four thousand people who attended the band concert, and the short-sightedness in not looping the park line up with the Alberta avenue line by a subway under the G. T. P. and the C. N. R. tracks was demonstrated by the manifest difficulty with which cars not only on the park line but on Jasper and other routes as well were kept anywhere near the schedule.

It is already very clearly evident that the present single track lines via Jasper east and Alberta avenue will never handle the fair traffic, unless immediate action is taken to get the double track in before that date.

A too small conception is what has cost Edmonton utilities more than any other one thing, and the street railway line to the park is another evidence of this spirit of little faith.

A Near Scandal
Which Died Very Young

It is worthy of note in passing that in placing the order for the power machinery the new commissioners exploded one near-scandal manufactured by the pro-Bouillonites and used to great extent during the blockade.

While Mr. Bouillon was getting in his most aggravating obstruction to the city's construction programme it was being intimated by the Journal and seconded with greater detail by some private citizens that Mr. Bouillon was sitting on the money chest to protect the city from a raid by certain machinery agents who had a representative on the city council—meaning thereby that Aid. Grindley already had the order for the power machinery in his pocket, if he could only get it past the commissioners, and that the additional commissioners were being appointed for that purpose.

Well, the new commissioners are now in office and the order for the new machinery is placed, but it does not go to Gorman, Clancy & Grindley, notwithstanding that theirs is the lowest tender and that the new commissioners have the majority, by use of which they could place the order wherever they saw fit.

New Commissioners
Get Work Under Way

With Bouillon dissenting, the commissioners have ordered the paving and the power machinery. The next item on the programme is the east end bridge, and it is altogether probable that contracts for it will be let today.

The season is already well advanced and the tie-up has done the city considerable damage—so much damage, in fact, that it is doubtful if the machinery can be installed before the time when it will be required—but it is nevertheless satisfactory to see the new commissioners take hold and go ahead with the city's business without reference to the squabble which was primarily the cause of their presence on the commission board.

By rushing ahead the work and by not losing a minute of time in getting things under way, it will still be possible to carry out a very large part of the construction programme which faced the city at the opening of the year.

The new commissioners will be well advised if they proceed just the way they have been doing so far, getting the work under way as rapidly as possible. In so doing they may expect to continue to meet all the obstruction Mr. Bouillon can place in their way, and they may expect that gentleman to try, as he tried in the case of the paving contracts and the power machinery, to delay the orders. But if they did not expect that they are very poor judges of human nature.

PLANNING A VISIT
TO MOUNTAIN LAKE

PHILADELPHIA WOMAN TO SPEND
SUMMER IN ROCKIES GATHERING
DATA FOR NEW BOOK

On her way to the Rocky Mountains, where she will spend the summer exploring valleys, lakes and rocky defiles and clutching peaks as yet unclimbed, Mrs. M. T. S. Schaffer, of Philadelphia, is in Edmonton, a guest at the Hotel Alberta.

Mrs. Schaffer has spent the summer of several years exploring in the Rockies, and has packed through the little frequented and wild country from the G. P. R. line at Laggan right through to the Yellowhead pass, where the G. T. P. line is now under construction.

At present Mrs. Schaffer will publish shortly will be entitled "Indian Trails of the Canadian Rockies." The first suggestion that she should write the book was received eight years ago from the G. T. P. engineer, Mr. S. J. James, director that year. He had accompanied Captain Pallister in 1858 in an attempt to find out for the British government whether or not it was feasible to build a railway from the G. T. P. line to Jasper. To Mrs. Schaffer he recommended many interesting and thrilling reminiscences and she has been gathering material for her book since that time.

Her trip this summer is for the purpose of investigating Lake Maligne, which lies 30 miles south of the G. T. P. right of way. That lake is said to be 12 miles long and 17 miles wide. The lake is to be the first to be completed in the next couple of weeks. Contract for the carpenter work has not yet been let.

The first house to be built consists of two stories and basement, and the general appearance of the exterior, which produces a purely classic effect, leaves nothing wanting from an architectural standpoint. The building is in Gothic style, with a gabled roof, a central entrance, two steps, in the entrance and on either side, there is just sufficient detail to agreeably relieve the broad, simple outlines of the facade.

Entrances.

The edifice is approached by two principal entrances, one on McPherson Avenue and the other on May Street. Both are similar in design, following the general lines of the building, with a broad flight of granite steps leading on either side with masonry buttresses surmounted with electroliers of elaborate design. At the top of the steps are two large double doors, each 10 feet in width and 12 feet in height, surmounted with a stone pediment, the tympanum of which has a seal of the province in the center. The entrance on May Street is a simple plan, the porch and entrance being in a more rustic style, which emphasizes in a most effective manner the classic beauty of the entrances.

The arches, doorways, of the main entrance, which is in the centre of the porch, have moulded stone and chitraves and panelled bronze doors. From the entrance a corridor having public and private rooms on either side connects the central porch.

Access to the building can also be obtained from the basement and side entrances opening into the lane, the basement entrances connecting with the police headquarters, while that of the side entrance connects with the roundabout.

Rectangular Rotunda.

The rotunda is of rectangular shape, having ornamental marble and plastered walls, and a polished floor with heavy railings. The principal staircase leading up to the second floor is placed in the centre of the rotunda, facing McPherson Avenue. The staircase is built of marble, plaster and ornamental plaster.

On the second floor, the rotunda is surrounded with a gallery, having ornamental plastered columns, pilasters and beams. The ceiling is centered, featuring a large oil lamp, which is the only light set in plaster work. Openings off the second floor gallery are the public entrances to each of the four court rooms and library. Between the court rooms is located the jury room and judges' room.

Finishes in Oak.

In general the building will be finished on an ornamental plaster work, however, the interior will be finished to harmonize with the particular uses of each court or room.

In four arrangements the disposition of the various courts, departments and offices have been worked out in a view to facilitate transportation business between them. The arrangement of the second floor is especially worthy of comment, here the four court rooms are placed so that the criminal and district courts each being provided with an individual jury room conveniently situated. Located in between the criminal and district courts rooms for the convenience of the criminal and district courts each being provided with an individual jury room, is the public entrance to each of the three court rooms and library.

It is evident that the gas plant was a costly installation, with no danger of failing short of its rated capacity. For that reason a 2,000 kw. unit was not necessary.

The machinery ordered on Saturday night will be ready to start the company will be in a position to begin erection. The company also gives a substantial guarantee to safeguard the city against loss should the machine not live up to the standard set for it.

OLGA TO LIVE IN VANCOUVER

Vancouver, B. C., May 4.—Olga Nethersole, the famous actress who decided to make her permanent home in Canada, has purchased a piece of property on Marine Drive for \$12,000, on which she will build a house to cost \$8,500.

BAND CONCERT
WELL ATTENDED

Another well attended band concert was given in the city park yesterday afternoon, the weather being cool and the interest, which is maintained in the Sunday afternoon diversion in the park and the remarkably heavy traffic over the street railway, which it appears, will continue until the end of the summer afternoon to become a permanent feature of the hitherto blue sky day of pastime.

At the end of the band concert, talk of the water supply in some measure delayed against the enjoyment of the afternoon at the park, as the three taps which had been installed had not been turned on, and the police informed the band that the water supply for the afternoon had been cut off.

The vendors of ice cream and soft drinks, whether from a repetition of the police intervention, or from some other cause, did not appear on the grounds yesterday.

The city band played at intervals from 3 o'clock until 5:30.

The car service throughout the afternoon was excellent.

COURT HOUSE TO
BE COMPLETED

(Continued from First Page.)

the supply needed into the community, where she will spend the summer exploring valleys, lakes and rocky defiles and clutching peaks as yet unclimbed, Mrs. M. T. S. Schaffer, of Philadelphia, is in Edmonton, a guest at the Hotel Alberta.

Before their workmen have left the premises, McKnight and Frost of this firm, and Mr. and Mrs. F. H. Schaeffer, of Philadelphia, are in Edmonton, a guest at the Hotel Alberta.

Mrs. Schaffer has spent the summer of several years exploring in the Rockies, and has packed through the little frequented and wild country from the G. P. R. line at Laggan right through to the Yellowhead pass, where the G. T. P. line is now under construction.

At present Mrs. Schaffer will publish shortly will be entitled "Indian Trails of the Canadian Rockies."

Entrances.

The arches, doorways, of the main entrance, which is in the centre of the porch, have moulded stone and chitraves and panelled bronze doors. From the entrance a corridor having public and private rooms on either side connects the central porch.

Access to the building can also be obtained from the basement and side entrances opening into the lane, the basement entrances connecting with the police headquarters, while that of the side entrance connects with the roundabout.

Rectangular Rotunda.

The rotunda is of rectangular shape, having ornamental marble and plastered walls, and a polished floor with heavy railings. The principal staircase leading up to the second floor is placed in the center of the rotunda, facing McPherson Avenue. The staircase is built of marble, plaster and ornamental plaster.

On the second floor, the rotunda is surrounded with a gallery, having ornamental plastered columns, pilasters and beams. The ceiling is centered, featuring a large oil lamp, which is the only light set in plaster work. Openings off the second floor gallery are the public entrances to each of the four court rooms and library. Between the court rooms is located the jury room and judges' room.

Finishes in Oak.

In general the building will be finished on an ornamental plaster work, however, the interior will be finished to harmonize with the particular uses of each court or room.

In four arrangements the disposition of the various courts, departments and offices have been worked out in a view to facilitate transportation business between them. The arrangement of the second floor is especially worthy of comment, here the four court rooms are placed so that the criminal and district courts each being provided with an individual jury room conveniently situated. Located in between the criminal and district courts rooms for the convenience of the criminal and district courts each being provided with an individual jury room, is the public entrance to each of the three court rooms and library.

It is evident that the gas plant was a costly installation, with no danger of failing short of its rated capacity. For that reason a 2,000 kw. unit was not necessary.

The machinery ordered on Saturday night will be ready to start the company will be in a position to begin erection. The company also gives a substantial guarantee to safeguard the city against loss should the machine not live up to the standard set for it.

OLGA TO LIVE IN VANCOUVER

Vancouver, B. C., May 4.—Olga Nethersole, the famous actress who decided to make her permanent home in Canada, has purchased a piece of property on Marine Drive for \$12,000, on which she will build a house to cost \$8,500.

BAND CONCERT
WELL ATTENDED

Another well attended band concert was given in the city park yesterday afternoon, the weather being cool and the interest, which is maintained in the Sunday afternoon diversion in the park and the remarkably heavy traffic over the street railway, which it appears, will continue until the end of the summer afternoon to become a permanent feature of the hitherto blue sky day of pastime.

At the end of the band concert, talk of the water supply in some measure delayed against the enjoyment of the afternoon at the park, as the three taps which had been installed had not been turned on, and the police informed the band that the water supply for the afternoon had been cut off.

The vendors of ice cream and soft drinks, whether from a repetition of the police intervention, or from some other cause, did not appear on the grounds yesterday.

The city band played at intervals from 3 o'clock until 5:30.

The car service throughout the afternoon was excellent.

GROAT RAVINE
BRIDGE IS OPEN

(Continued from Page One.)

the supply needed into the community, where she will spend the summer exploring valleys, lakes and rocky defiles and clutching peaks as yet unclimbed, Mrs. M. T. S. Schaffer, of Philadelphia, is in Edmonton, a guest at the Hotel Alberta.

Before their workmen have left the premises, McKnight and Frost of this firm, and Mr. and Mrs. F. H. Schaeffer, of Philadelphia, are in Edmonton, a guest at the Hotel Alberta.

Mrs. Schaffer has spent the summer of several years exploring in the Rockies, and has packed through the little frequented and wild country from the G. P. R. line at Laggan right through to the Yellowhead pass, where the G. T. P. line is now under construction.

At present Mrs. Schaffer will publish shortly will be entitled "Indian Trails of the Canadian Rockies."

The first suggestion that she should write the book was received eight years ago from the G. T. P. engineer, Mr. S. J. James, director that year. He had accompanied Captain Pallister in 1858 in an attempt to find out for the British government whether or not it was feasible to build a railway from the G. T. P. line to Jasper. To Mrs. Schaffer he recommended many interesting and thrilling reminiscences and she has been gathering material for her book since that time.

Entrances.

The edifice is approached by two principal entrances, one on McPherson Avenue and the other on May Street. Both are similar in design, following the general lines of the building, with a broad flight of granite steps leading on either side with masonry buttresses surmounted with electroliers of elaborate design. At the top of the steps are two large double doors, each 10 feet in width and 12 feet in height, surmounted with a stone pediment, the tympanum of which has a seal of the province in the center.

The entrance on May Street is a simple plan, the porch and entrance being in a more rustic style, which emphasizes in a most effective manner the classic beauty of the entrances.

Entrances.

The arches, doorways, of the main entrance, which is in the centre of the porch, have moulded stone and chitraves and panelled bronze doors. From the entrance a corridor having public and private rooms on either side connects the central porch.

NARROWLY ESCAPE
DEATH IN RIVER

BOAT OVERTURNS AND OCCUPANTS
FINALLY REACH SANDBANK—
WERE FINALLY RESCUED.

Three Edmonton youths and a girl who spent an adventurous afternoon boating on the river yesterday, and who escaped a watery grave by the narrowest of margins, have been rescued by a team of men who had been sent to bring them home.

The boat, which had been turned over in the middle of the stream, was finally righted and the four passengers, who had been clinging to the gunwales, were pulled ashore by the men who had been sent to bring them home.

The boat, which had been turned over in the middle of the stream, was finally righted and the four passengers, who had been clinging to the gunwales, were pulled ashore by the men who had been sent to bring them home.

Early yesterday afternoon three men, residents of Fraser, a town of about 2000 people, were sent to bring the four passengers home. They had been sent to bring the four passengers home.

On their return to the city, the men had been sent to bring the four passengers home.

Open Evenings

ACCIDENTS KEPT AMBULANCES BUSY

FOUR DIFFERENT PERSONS ARE REMOVED TO HOSPITAL HAVE AS MANY DIFFERENTAILMENTS

A series of more or less grave accidents at different parts of the city on Saturday kept the emergency ambulances on the go for the greater part of the day, and as a result one of the horses that draws the vehicle was rung sick yesterday. This was the most strenuous day the ambulance team has experienced for some time.

The first call was to convey the 13-year-old son of George T. Bragg of the

C. P. R. land and insurance company from his home at 542 Second street to the city hospital. He was suffering from a broken leg. It was the back yard of his home he had caught his chin on the clothes line, and was thrown back violently, his leg thus being broken in two places. Otherwise he was uninjured.

A transient named C. W. Donald fell on the pavement near the Edmonton Drug store on Jasper avenue east in an attempt to avoid sudden severe scalp wound. He was taken to the city hospital and given treatment by Dr. Nichols. He will recover.

The ambulance was called to Smith's drug store on Jasper avenue east on Saturday night and took H. Johnson an aged man who had been taken to the drug store suffering from exhaustion, to the city hospital.

PRISONER ASKED FOR BAIL, REFUSED

MAGISTRATE DOES NOT KNOW WHY POLICE REFUSED REQUEST CHARGED FALSE PRETENSES

The case of Jack Madden charged in the police court with attempting to obtain money by false pretenses was adjourned yesterday to the session of the prosecution to be seen further in evidence. Madden was first charged with the theft committed during the month of May the charge being laid by the police. The charge was withdrawn and that of attempting to obtain money unlawfully substituted being laid by Glas Walsh it being alleged that he did attempt to obtain \$25 from the police court to defray expenses of the attempt being made in the neighbourhood of Toffield on May 31.

Madden, enquired of by Magistrate, said if they would not accept his bail he had been refused bail on Saturday shortly after being arrested representatives of the Knights of Columbus and another society had offered to go bail for him. He alleged that he had made no attempt to get a justice of the peace in order that bail might be given. Madden knew of no reason but should have been refused bail. Bail was fixed at \$200.

Hilton Ewing who was charged last Monday with securing money by false pretenses was also charged yesterday. He was remanded until June 8 upon the request of Crown Prosecutor Goswell in order that further evidence may be secured.

Five drinks were fined the usual amount.

REPORTS INDICATE BUMPER CROP

(Continued from Page One)

grain, and this is where the damage was done. The fact that the fall wheat crop is as white as good as this year's crop is a good sign for a full fall wheat country here. Given the same weather conditions as the west had this spring, in Ontario, the entire crop would have headed out of the ground. One advantage with the soil here is that the wheat will not speak.

Speaking of other crops, Mr. Porte said that spring grain is well above

the ground and growing well. Growing conditions have been most favorable for the timothy crop and people with patches of red clover on their farms report that it is in a flourishing condition. Mr. Porte said that in order to ascertain conditions everywhere, the agriculturists have the privilege of making the most favorable crop report that has emanated for some time from the Edmonton district.

All along the line of the C. N. R. the people are rejoicing over the splendid prospects of bumper crops this year. The spirit of optimism is reflected in the various reports that are being received at the office of Superintendent Brown of the Edmonton division of the road, from the agents at all the stations in his division.

Here are some extracts from a few of these:

Raymond, Sask.—Crops in this district are fine and making a rushing ahead. Prospects are a long way off for growing with light rainfalls. Prospects are excellent.

Islay, Alta.—Weather is fine. Crops are making good progress and prospects are excellent.

Kitscoty, Alta.—Crops are complete in this district and crops never looked better at this season. Rain has been falling.

Birchwood, Alta.—Crops are looking good, but did not receive any rain for two days. It is now fine and clear. Crops are looking fine. All seedling will be done this week.

Manitowich, Sask.—Crops in general condition are looking exceptionally well. Growth is rapid and there is every indication of a big yield. Rain has fallen during the past week.

Loon Lake, Alta.—Crops are almost finished. Grain is growing well. Wheat is up from 3 to 4 inches. Oats are coming up well. The weather is warm and showery.

Flelding, Sask.—Crops are doing fine. Wheat is about 6 inches high. Flax in this district is about all seed-

Lamont, Alta.—Seeding is finished here and the grain is up. Hot weather prevails and there is an abundance of moisture.

Lloyd, Alta.—Crop conditions for past week have been ideal. All kinds of grain appear to be a month ahead of the same period last year.

Hayes, Sask.—Crops are doing well since the warm weather set in. The result of cold weather did no injury.

Elmwood, Alta.—Grain is up in this district and growing nicely, with occasional showers and warm weather.

Everything points to a bumper crop.

Chipman, Alta.—Seeding is finish-

ed in this district. Weather conditions are favorable. Grain is up and looking well. Much breaking is being done here.

Humboldt, Sask.—All grain is doing fine. Crop conditions are ideal, and every indication is for a good yield.

Wheat is up from 3 to 4 inches and all other grain from 2 to 3 inches. There is no frost grain of moisture.

Winnipeg, Sask.—Wheat in some fields is five inches high. The ground is in good condition and no more rain is needed for some time.

Fertile Saskatchewan, Sask.—Grains are doing well. Weather has been occasional showers until the last three or four days. Good rain now would do good. Seeding is finished and prospects are excellent.

Winnipeg, Sask.—The weather has been warm during the past week. Crops are growing rapidly with plenty of moisture.

Vernon, Alta.—Weather conditions are fine and making a rushing ahead. Prospects are a long way off for growing with light rainfalls. Prospects are excellent.

Islay, Alta.—Weather is fine. Crops are making good progress and prospects are excellent.

Kitscoty, Alta.—Crops never looked better at this season. Rain has been falling.

Birchwood, Alta.—Crops are doing fine. Weather is excellent, and plenty of sunshine which is advancing the crop very considerably. Seeding oats is almost completed.

All the above reports were dated June 1st.

DISCUSS BUILDING QUESTION TONIGHT

IMPORTANT MATTERS WILL BE TAKEN UP BY TRADES AND LABOR COUNCIL THIS EVENING

Tonight

Trades and Labor council promises to be one of the most interesting, probably the most important, held under the auspices of that organization in some time. The question of the right of contractors to demand payment for work done in which the contractor is not fully represented, meaning that matters of more than ordinary importance to organized labor locally are due for discussion.

Trade and labor council promises to be one of the most interesting, probably the most important, held under the auspices of that organization in some time. The question of the right of contractors to demand payment for work done in which the contractor is not fully represented, meaning that matters of more than ordinary importance to organized labor locally are due for discussion.

It is almost certain that the building differences with the contractors have been rectified it is believed objection to the proposed bill has been removed and that the contractors will be fully represented, meaning that matters of more than ordinary importance to organized labor locally are due for discussion.

REAL ESTATE BULLETIN

NEWS OF THE CITY

Thos. J. Howe, of Meadowood, Ontario, is visiting relatives in the city. J. Kanan, of Fort Saskatchewan, was in the city on business on Saturday. There will be a special practice of the Edmonton band this evening.

Alex. Gladwin has just returned to the city from a business visit to Lac Ste. Anne.

A. Knechtel of the Dominion forestry department is registered at the King Edward hotel.

There was a baseball practice of the Y. M. C. A. baseball team on the second street grounds at 6:15 this evening.

Tabor is the latest Alberta applicant for a Carnegie library grant. The town will ask Mr. Carnegie to donate \$10,000.

Constable Webster of the R. N. W. M. P. has been transferred to Holden, taking the place of Constable Walliker, who has been promoted.

Callings for May contain an interesting illustrated article on "Northern Gardens" by Mrs. Arthur Murphy of this city.

Suffering from inflammatory rheumatism, J. B. Kelly, of the firm of Kelly & Morris, was taken to the city hospital from the King Edward hotel last night.

Mid Bell, proprietor of the Pendennis hotel, left yesterday for St. Paul, Minnesota, where he will meet Mrs. Bell, and spend three weeks touring through the States.

Harold G. Graman, press agent for the Al. G. Barnes circus, is a visitor in Edmonton for a few days, having left the show at Medicine Hat. The show will not come to Edmonton this year.

E. B. Rundell, who has resigned from his position as manager of the Hudson's Bay stores at Lethbridge, to go into business for himself, is being succeeded by F. A. Budman, of Kenora.

Mr. Jackson, of Toronto, who was scheduled to preach in Grace Methodist church yesterday morning and McDougall church last evening, was unable to fill the pulpits owing to a severe cold.

Mrs. T. A. Moore and Miss Helen Moore, left on Friday morning last for Banff, where they will spend the summer at Miss Moore's cottage, "Scotia Lodge". Mr. Moore accompanied them and will remain for two weeks.

The regular monthly meeting of the W. E. M. auxiliary of First Presbyterian church will meet on Wednesday, June 15th, at 2 o'clock.

As this is the last meeting before the summer holidays, a special offering is requested.

Thirty-six new members were registered at the incorporation hall since Saturday morning. In this number several nationalities are represented.

Fourteen persons came to the hall on Saturday and five came to the meeting yesterday.

W. J. White of Ottawa, Dominion inspector of immigration agencies was a caller at the board of trade rooms this morning. He came to the city and took a short train to Jasper and left on the G. T. P. train for points along the line east of the city. He probably will return to the city this evening.

The Association of Poultry and Poultrymen's Association will have their regular monthly meeting on Tuesday evening in the exhibition association offices. Prof. Elford of McDonald College, Que., will address the meeting on "The Manufacture of Poultices". All members and others interested are particularly requested to attend.

Buy your Cut Glass Wedding Presents from W. A. Ferguson, 10 per cent discount this month.

A. J. McARTHUR, M.P.P.

PNEUMONIA VICTIM

MEMBER FOR GLEICHEN PASSES

AWAY AFTER ILLNESS LASTING

ONLY TEN DAYS

A. J. McArthur, M.P.P. for Gleichen constituency, died at 4:30 this morning at his home in Calgary, from pneumonia.

Mr. McArthur, who defeated E. H. Riley, one of the leaders of the insurgent party, in a by-election on October 3, 1910, was one of the first promoters of western Canadian development and had lived in the west for the past twenty years. He was 54 years of age at the time of his death.

Mr. McArthur was born in Western Canada from his youth. Mr. McArthur engaged for many years in the ranching business in the southern part of the province, and the great possession of his holdings in California and the southern states was a cowtown of a few hundred people.

It was Mr. McArthur who promoted the candidature of Chas. now Justice Sir James Sifton for a seat in the legislature of 1905.

A by-election in Gleichen constituency was held on October 3, 1910, in the name of Mr. McArthur. It is possible that the writ may not be issued until after the return of Premier Sifton from the coronation in July.

TOO LATE FOR CLASSIFICATION
